PRESS RELEASE

The New York Tri-State Chapter of the Bishops' High School (BHS) Alumni Association is holding its fourth Student Conference at its alma mater in Georgetown, Guyana on October 13-17, 2025. The four-day conference, which will be held at the school's campus on Carmichael Street, is titled "Navigating Your Future – Beyond High School." The event aims to provide students with a unique opportunity to be exposed to a variety of perspectives on career choices, higher education, and vocational opportunities.

We have expanded in scope with each iteration of the conference. President of the Alumni Chapter, Sharon Thomas, notes that this year the group has introduced an opportunity for mentoring senior students and intentionally broadened the topics presented to focus on emerging technology and developing valuable employment skills as part of the conference. "We wanted to not only spark students' curiosity in areas like AI, innovation, and professional development, but also create spaces for meaningful conversations that inspire and empower them to shape their future."

The conference will again host a virtual component, which allows for an even wider variety of presenters – including those who cannot travel to Georgetown. As before, students can participate in a Career Fair and four Sports Clinics.

"This year we have invited a group of students from Christ Church Secondary School, our sister school, to join our students in attending the Career Fair. Organizations will showcase their businesses, engage with students, and show the students what career opportunities might be available to them as they leave high school." Chapter President Thomas said.

On the last day of the conference, students will take part in a teambuilding event, that will highlight communication and other critical soft skills. Senior students will also participate in speed mentoring sessions where they will have a chance to learn more about specific career paths from the presenters.

According to Headmistress, Ms. Shandrina Welcome-Lee, "It is my sincere hope that the 2025 Student Conference will serve as a meaningful platform for our current students and teachers to engage with and learn from the esteemed alumni and former educators of The Bishops' High School. Through these enriching interactions, may they be inspired to cultivate their own talents and potential, and, in turn, become beacons of inspiration themselves. In this way, the proud and enduring legacy of The Bishops' High School will continue to flourish, passed from generation to generation."

The conference will begin on Tuesday, 14th October with a Welcome Assembly and Student Registration. The highlights of Day 1 will be the Virtual sessions in the morning and the Career Fair in the afternoon.

General sessions will be held on Wednesday and Thursday, with concurrent presentations and workshops daily featuring over 60 presenters representing a myriad of careers and change making opportunities that include topics in the following categories - Career Development and Employment Skills, STEM, Sports and Athletics, Business, Arts and Humanities, Personal Development and Life Skills, Health and Medicine.

“We hope that the Conference will open the students’ eyes to the broad spectrum of opportunities available to them, and that they take advantage of the opportunity to interact with the presenters,” said Co-Chair of the Conference Planning Committee, Jo-Ann Davis-Valz. “I am excited to see so many return presenters and to welcome new ones. We are also hoping that the new mentoring sessions will enhance the experience for participating students”, said Co-Chair of the Conference Planning Committee, Janis Davis-Street. The sisters both expressed their gratitude for the conference planning team, who have dedicated months to preparing for the conference, and to the Headmistress, Ms. Shandrina Welcome-Lee, who has been a tireless supporter.

Navigating Your Future – Beyond High School

PRESENTER BIOS

Amanda St Aubyn attended The Bishops' High School from 1973 to 1980. Following high school, she pursued a banking career and earned a Certificate towards a Master of Business Administration. She recently retired from her role as Director at The Bank of Nova Scotia, Canada, after a 40 plus year career with Scotiabank in Guyana and Canada. Her expertise is in strategic planning, business execution, sales and marketing across various sectors including corporate, commercial, small business and retail sales, talent management, and employee development to achieve performance goals. In her free time, she enjoys travelling.

Andrea King attended The Bishops' High School from 2008 to 2013. Following high school, she earned a Bachelor of Science in Business Management and Administration and is a Sales Manager at Brava by One Communications. Her expertise is in Public Speaking, Project Management, Digital Media and Marketing, Social Media Strategy, Strategic Communication, Business and Sales Management and Financial Literacy. In her free time, she enjoys travel, tourism and hospitality, production management, creative direction and events, art, film and food.

Andrea Watson-James attended The Bishops' High School from 1961 to 1968. Following high school she earned a Bachelor of Social Sciences (Economics) from the University of Guyana and a Master of Business Administration in General Management from the Cave Hill School of Business, University of the West Indies. She also holds a post-graduate Diploma in Professional Shipping from the Norwegian Shipping Academy. She is the Co-Founder, President and CEO of Roraima Consulting Inc (RCI), a procurement and management consulting company based in New York. She is also a Life Coach, certified by Mindvalley, is associated with Positive Intelligence (www.positiveintelligence.com) and incorporates their methodology in her Life and Business Coaching. A member of various professional associations, she enjoys music, cultural experiences, reading and helping people in her free time.

Apoorva Bhargava attended The Bishops' High School from 2004 to 2010. Following high school, she pursued further education at MGMC (India), and Deakin University (Australia), earning the following qualifications - Bachelor of Medicine, Bachelor of Surgery, Master of Public Health, and Clinical Doctor. Currently, she serves as Research Officer, University of Melbourne, and is a Clinician with expertise in Obstetrics and Gynecology, Public Health, and Epidemiology. In her free time, she enjoys art, piano, and music.

Brian Smith attended The Bishops' High School from 2002 to 2009. Following high school, he pursued further education at University of Guyana, Turkeyen, earning the following qualifications - a Bachelor's degree in International Relations and Master's degree in Natural Resources Management. Currently, he serves as Operations Lead - Dragonfly Drones and Geospatial Solutions, and has expertise in Drones, which he also enjoys in his free time.

Camille McKenzie attended The Bishops' High School from 1964 to 1972. Following high school, she pursued further education at the University of Guyana, earning a Bachelor of Arts in Modern Languages. She also attended the Université de Bordeaux, France, graduating with a Master's degree in French West-African Literature. She has been a realtor for 37 years and also works as an Oversight Manager in Risk Management. In her free time she enjoys reading, theater and international travel.

Carl Greenidge, New Amsterdam born, is a graduate of the Universities of Exeter and London. He is an economist by profession and is closely associated with Guyana's Economic Recovery Program. He has chaired or served on several international expert panels and the Advisory Boards of the University of Oxford's Regulatory Policy Research Institute and the Regulatory Policy Centre. He has held the portfolios of Finance, Economic Planning and Trade, Minister of Foreign Affairs and International Cooperation and Vice President of Guyana. He has also served as acting PM of Guyana and performed the functions of Executive President of the Cooperative Republic. He is recognized for his broad experience and successful negotiations at the national, regional, and international levels.

Carlton Allen attended The Bishops' High School from 1993 to 1999. Following high school, he pursued further education at the University of Guyana - Turkeyen Campus. Currently, he serves as an Administrative Manager and has expertise in Computer Science and Music. In his free time, he enjoys travel and adventure, music, and computers.

Charlene Wilkinson attended The Bishops' High School from 1966 to 1973. Following high school, she pursued further education at John Carroll University (USA), Windsor University (Canada) and Sam Sharpe Teachers' College (Jamaica) earning the following qualifications: Bachelor of Arts (English), Master of Arts (English) and a Diploma in Education. Charlene is a Lecturer at the University of Guyana, with expertise in Language teaching. In her free time, she enjoys community organizing.

Charwin Agard attended The Bishops' High School from 1980 to 1986. Following high school, he pursued further education at Stony Brook University, New York, earning a Bachelor of Arts in Economics with a Minor in Business Administration. He is a Certified Treasury Professional and currently serves as Director at Bank of America. His expertise is in Finance, and in his free time, he enjoys mentorship.

Charwyn David attended The Bishops' High School from 1980 to 1986. Following high school, he pursued further education at Stony Brook University and Empire State College, earning a Bachelor of Science in Applied Math and Statistics and a Master of Business Administration. He is currently the owner of Pooch Purrfect and has expertise in Entrepreneurship. In his free time, he enjoys basketball, golf and cycling.

Chelsea Edghill is a two-time Olympian who represented Guyana in Table Tennis at the Tokyo 2020 and Paris 2024 Games. A Bishops' High School alum, she holds a degree in Chemistry and a Postgraduate Certificate in International Sports Management from the University of London. Chelsea is the Founder and CEO of EDGE Sports Management, a consultancy dedicated to elevating sports in Guyana and the Caribbean through athlete representation, event planning, and strategic consultancy. She also serves as Chair of the Guyana Athletes Commission and represents the Americas Region on the Commonwealth Games Federation Athletes Advisory Commission.

Cheryl Noel attended The Bishops' High School from 1972 to 1978. Following high school, she pursued further education at The Berkeley School and Baruch College, both in New York. Cheryl currently serves as the Chairperson of the Girls Innovating For Tomorrow Foundation, Inc. (GIFT). Her expertise in motivational speaking and writing (story telling) enhances her leadership skills and makes her an effective mentor. In her free time, she enjoys reading, writing, traveling, studying human behavior and mentoring the young.

Christine Franklin attended The Bishops' High School, graduating in 1973. Following high school, she pursued further education at the University of Florida and University of Guyana, earning the following qualifications - Bachelor of Science and Master of Business Administration. She is the Founder and CEO of Strategy & Operations Solutions, and has expertise in Strategic Planning and Executive Coaching. In her free time, she enjoys traveling and volunteering.

C. Yvette Williams attended The Bishops' High School from 1970 to 1977. Following high school, she pursued further education at the University of the West Indies (Mona), and Johns Hopkins Bloomberg School of Public Health, earning the following qualifications – Bachelor of Medicine, Bachelor of Surgery (medical degree), and a Master of Public Health. Currently retired and enjoying her gardening, Yvette last served as Staff Physician at the VA Medical Center in Atlanta, Georgia.

Damon Joseph attended The Bishops' High School from 1992 to 1997. Following high school, he pursued further education at the Art Williams and Harry Wendt Aeronautical Engineering School and the University of the West Indies - St Augustine Campus, earning his Master of Science in Aviation Management. He is a Maintenance Manager with expertise in Aircraft Maintenance and Quality Assurance Management. In his spare time, he enjoys music.

Deslyn Griffith attended The Bishops' High School from 1995 to 2001. Following high school, she pursued further education at St. George's University and the University of Leicester, earning her Bachelor of Science in Accounting and Business Administration and Master of Science in Finance. A senior management professional with 20 years' experience in financial management, procurement, trade and project leadership, her expertise includes Contract management, Subject Matter Expert development, Financial market operations and related legislative and regulatory compliance. As part of her commitment to developing human potential and resources, Deslyn also works part-time as a lecturer, and volunteers in youth education.

Dianne R. McGowan-Brutus attended The Bishops' High School from 1968 to 1976. Following high school, she pursued further education at the University of the West Indies (Mona), Long Island Hospital School of Nursing (Brooklyn), State University of New York, Downstate (Brooklyn), Hunter College (New York), earning the following qualifications - Bachelor Arts (Library Science), Associate of Applied Science (Nursing), Registered Nurse, Bachelor of Science (Nursing), Master of Science (Nursing), and Advanced Practice Registered Nurse. Currently, she serves as a Cardio-Thoracic ICU Nurse and has expertise in Critical Care nursing. In her free time, she enjoys gardening.

Dinah Sah is a friend of The Bishops' High School. After attending University High School in Barbados, she pursued further education at MIT and Harvard University, earning the following qualifications - Bachelor of Science (Biology) and Doctor of Philosophy (Neurobiology). Currently, she serves as Chief Scientific Officer at Voyager Therapeutics and has expertise in Drug discovery and development. In her free time, she enjoys tennis and building STEM capabilities for Caribbean youth.

Dingaan Stephenson attended The Bishops' High School from 1981 to 1984. Following high school, he attained the following qualifications: Bachelor of Laws (Business Law), Master of Science (Banking Law and Finance), Bar Vocational Course, and Barrister at Law. Dingaan currently serves as a Senior Lawyer (Structured Finance and Financial Instruments) and has expertise in Derivatives and Financial Instruments. Dingaan enjoys keeping fit (running, cycling and HIIT), the English Premier League, and world cuisine.

Hareldau Argyle King attended The Bishops' High School from 1985 to 1991. Following high school, she pursued further education at Louisiana State University, Joseph Business School, and Jain University, India where she attained the following qualifications: Bachelor of Science in Human Resources, Certified Strength, Conditioning & Nutrition Specialist, Certification in Business and Toastmasters DTMx4, and a Master of Business Administration. A former collegiate athlete, she is a Speaker and High-Performance Lifestyle & Business Coach with expertise in helping people become better. In her free time, she enjoys cooking, talking, laughing, eating and writing her new book “The Value Revolution: How Living Beyond Expectations Changes Everything” (to be released in November 2025).

Hilbert Kester Jackman attended The Bishops' High School from 2010 to 2012. Following high school, he pursued further education at Jain Deemed-to-be University, India and University of Guyana where he attained the following qualifications: Bachelor of Science in Computer Science and an Associate Degree in Education (Secondary Prevocational). He serves as a Trained Graduate Master, Ministry of Education, Guyana, and has expertise in Software Development and Teaching. In his free time, he enjoys reading and singing.

Janis Davis-Street attended The Bishops' High School from 1973 to 1980. Following high school, she pursued further education in Canada at University of Guelph and University of Alberta, then at the University of Houston, Johns Hopkins University, and George Washington University, earning the following qualifications - Bachelor of Applied Science (Nutrition), Master of Science (Nutrition), Doctor of Education (Health Education), Public Health Informatics Certificate, and a Master of Arts (Organizational Leadership & Learning). Currently, Janis is Manager, Workforce & Community Health - Chevron, and has expertise in Population Health, Well-being, Motivational Speaking, Coaching, Change Management, Analytics and Career Development. In her free time, she enjoys volunteering, music, and hiking, and is a Trustee for Parents for Public Education, and Kairos University.

Jewel Collier-Swan is a friend of The Bishops' High School. After attending Bishop's High, Scarborough, Tobago, she pursued further education at the University of Guyana and South Wales University, earning the following qualifications: Bachelor of Arts in International Relations, Graduate Diploma International Relations and a Master of Business Administration. Currently, Jewel is an Operations Advisor at ExxonMobil, and has expertise in Business Development, Commercial, Operations and Administration. In her free time, she enjoys travelling and exploring diverse cultures.

Jo-Ann Davis-Valz attended The Bishops' High School from 1970 to 1977. Following high school, she pursued further education in Canada at University of Waterloo, Queen's University, and Western University, earning a Bachelor of Math (Statistics), Master of Arts (Econometrics) and Master of Science (Statistics). Currently she is an Actuary and Vice President in the Life and Health Valuation group within the Finance organization at Swiss Re America Holding Company. With her expertise in actuarial science, she is an active member of the Society of Actuaries in North America and American Academy of Actuaries. In her free time, she enjoys music and serves as a member of the Stamford Chorale Board and as Vice President of The Bishops' High School Alumni Association, New York Tri-State Chapter.

Jonathan Locke attended The Bishops' High School from 1975 to 1981. Following high school, he attended craftsman classes in the United Kingdom before furthering his education at the Leeds Design Workshop in Massachusetts, and the Parson's School of Design in New York City. He is an award-winning Custom Furniture Fabricator who has transformed various types of wood into elegant and versatile pieces of furniture as art. In 1990, he established his own company "Timehri Studios", a custom furniture manufacturing company that he managed for twenty-nine years. He also taught Fundamentals of Woodworking for ten years at Parsons School of Design. In his free time, he loves salsa dancing and is actively involved in community service.

Karen Vaughan attended The Bishops' High School from 1982 to 1986. Following high school, she pursued further education at Syracuse University and Rowan University, earning the following qualifications: BSc in Information Studies, MSc in Information Management, and EdD in Higher Education Leadership. She is currently the Director of Conference and Event Services at Princeton University, specializing in leadership, operations management, strategic planning, team building, and client relations. Her expertise includes Co-curricular involvement and college persistence among community college students. In her free time, she enjoys reading, traveling and community service.
